

GENERAL ASSEMBLY OF PRESBYTERIANS MEMORABLE EVENT

Meeting Notable for Battle Between Liberals and Conservative in the Church

INDIANAPOLIS, Ind.—By The Associated Press.—With a protest from six leaders of the church against the victory of the fundamentalists spread on its minutes, the 125th general assembly of the Presbyterian church of the United States of America, adjourned Thursday night to meet again on May 22, 1924, in Grand Rapids, Mich.

The eight-day meeting will go down in church history as the star of the great battle between liberal and conservative thought. In that struggle each side shared honors, but neither, according to leaders, will be content with the victory gained.

The liberals won when they defeated William Jennings Bryan's resolution aimed to bar the teaching of evolution in the fifty-seven schools, colleges and seminaries of the church and to expel from their faculties all proponents of an evolutionary hypothesis of the descent of man.

The conservative believers in the fundamental interpretations of the bible triumphed in the passage of a resolution expressing profound sorrow that doctrine preached in the First Presbyterian church of New York by Dr. Harry Emerson Fosdick, should have caused discussion and controversy in the church, and directing the presbytery of New York to take steps to prevent a continuation of the preaching complained of.

To that conservative victory the liberal leaders refused to bow, and they took occasion in the closing session yesterday to place on record their protest, signed by many of the best known leaders of the church.

BLIND MAN SPONSORS CITY BEAUTIFUL PLAN

Launches Campaign to Bring Out Beauty of Nature He Will Never See

TOPEKA.—The first campaign inaugurated by A. E. Van Patten, the newly elected president of the Chamber of Commerce here, who is totally blind, was one for the beautification of the city.

Despite the fact that President Van Patten is destined never to look upon the beauties of nature his campaign may bring out, he declares, an appreciation of his new home as president of the local civic body mainly because it gives him the opportunity to sponsor a movement that has always been close to his heart.

A systematic organization for beautifying the city was perfected by Mr. Van Patten and includes ward and precinct committees, headed in each instance by someone able to interest in the campaign, and also includes every school child in the city. Each school child has been presented with a red tag bearing the pledge: "I don't pick flowers or break off branches."

"I won't cut across lawns because it kills the grass."

"I want Topeka to be more beautiful."

Mr. Van Patten has been blind for 14 years and in that time has organized and is head of a farm mortgage company here but now carries more than \$150,000 in farm mortgage loans on his books.

FARMERS WAR ON WOLVES. MANKATO, Minn.—Farmers living in Sterling township report that wolves are killing sheep in that section, and there are on the warpath.

George Kehnholz is the first farmer to bring in his wolf and collect the state bounty.

Just put those weary, shoe-crinkled, aching, burning feet into a Tiz bath. When your feet ache and burn, Tiz, and only Tiz, will bring relief.

Tiz is grand, glorious for tortured feet. It draws the swelling and poisonous exudations right out. Stops the pain of corns. Ends torture and puts your feet into perfect condition.

Your shoes won't seem tight and your feet will never hurt or get sore and swollen. Think of it, no more foot misery.

Get a box of Tiz now at any drug-gist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed for a few cents.

ANCIENT EGYPTIAN RULERS ARE BURIED IN FRENCH SHRINE

Investigation Shows Bodies of Several Royal Dead Interred Beneath Bastille

PARIS.—Recent investigation has disclosed the novel fact that a number of Egypt's royal dead are interred under the famous Bastille, shrine of France's freedom.

It appears that Champollion, the noted French archaeologist and inventor of the key to Egyptian hieroglyphs, years ago sent a number of mummies from Egypt to the Louvre. Egyptology was then in its infancy, and doubtless sufficient precautions had not been taken to retain the mummies in their original state. When the royal remains arrived in Paris it was found impossible to place them in the museums, as had been intended, and in 1830 they were buried in the Gardens of the Louvre.

Then followed the stormy days at the end of July when the population of Paris rose in protest against the ordinances of King Charles X. Fighting took place near the Louvre and Tuileries, and the bodies of these killed were buried where they fell. It is recorded that in the course of this task one of the citizens struck with his spade a skull which he thought to be that of a victim of the massacre of St. Bartholomew, but which was in reality that of one of the Pharaohs buried a few months before.

When the revolution had been accomplished the new government decided to commemorate the event by the erection of a column, and the remains of the victims buried in the royal gardens were exhumed and placed beneath the new column in the Place de la Bastille. The bones of the dead Pharaohs were transferred with those of the Parisians who had risen to defend their rights, and still lie beneath the monument in the midst of one of the busiest squares of Paris.

14,000,000 WAR MEDALS

LONDON.—More than 14,000,000 medals have been awarded by the British government to men and women who served the country with distinction during the Great War. The total length of ribbon on these medals would extend 1,800 miles. Among the decorations awarded are 500,000 1914 Stars, 145,000 clasps to the 1914 Star, 1,780,000 1914-15 Stars, 4,700,000 British war medals, and 2,550,000 Victory Medals. Huge quantities of medals were sent to Canada and the Dominion to soldiers and nurses who distinguished themselves.

A record beyond all previous seasons is the average of four hundred automobiles now daily passing over the roads of southern states en route to Florida.

BANKS PAY PEKING POLICE TO FORESTALL WAGE STRIKE
PEKING.—By The Associated Press.—To prevent a strike of metropolitan police, whose pay is five months in arrears, the native banks of the capital have subscribed half a million dollars as a loan to the ministry of finance which is said to have admitted its inability to hold out any hope for relief for the city guardians. Representatives of the banks, guilds and commercial institutions are negotiating for a reorganization of the police force with a view to removing control from the central government and providing a more stable source of revenue for their pay.

Pension lists, just published, show that Germany is maintaining on the retired roll at present 46,630 officers of the old army and navy. Of these 2,730 are generals and admirals.

WALK-OVER

The alluring Egyptian note enters sport shoe designing

This model, the Jungle Strap, is a wonderful interpretation of the mode in sandals. The vogue for informality is reflected in its punch-decorated double straps and snug-fitting instep rein. Walk-Over sandals grow more popular every day.

We have this style in white and black, also in several colors.

Another Big Demonstration Week of RED STAR Oil Stoves

TOMORROW IS YOUR LAST OPPORTUNITY

Can You Afford To Be Without This Wonderful Range?

Are you willing to cook any longer with a dirty, mussy, inefficient stove, when you can have this wonder range that cooks with a hot gas flame—that bakes in a quick gas oven?

Can you afford to be without a Red Star, when you know that it saves one-fourth of the fuel that other stoves require, and endless time and energy?

End Tomorrow the Nuisance of Ordinary Stoves

Don't spend your time cleaning wicks, when you can forever put an end to the wick nuisance with a Red Star Oil Stove. Its patented, all-metal burner is permanent—never needs replacing—and has no wicks or wick substitutes. It gives you gas range cleanliness—gas range results—with only kerosene for fuel.

\$5 for your old stove

It doesn't matter what kind of a stove it is, or in what condition it is. We will allow you \$5 for it on the purchase of a Red Star Oil Stove. The prices at which we

are offering these wonder ranges are in themselves a most unusual inducement. But when we make this additional allowance for your old range, the opportunity is one that no fore-sighted home-maker can dream of missing.

Why Deny Yourself the Wonderful Convenience That Other Women Have?

Other women refuse to waste their time and strength over antiquated stoves, when they can have all the modern, city convenience that a Red Star offers. Why shouldn't you have the same freedom from muss and dirt and uncertain cooking results that these other women have? Ask them—your own neighbors—if they would go back to the old, unreliable stoves. The Red Star has proved itself invaluable to them. It will do the same for you.

Cook With Gas—Bake With Gas—Use Kerosene for Fuel

Kerosene, gasoline or distillate—these are the fuels that the Red Star uses. But whatever the fuel, the cooking is all done with a quick, hot, double ring of gas flame. The remarkable Red Star burner converts the fuel into gas; gives you all the convenience and cooking efficiency of the finest gas range.

FRANCE TO HONOR U. S. SOLDIER DEAD ON MEMORIAL DAY

Day Will be Made Occasion for
Final Consecration of Graves
of 30,587 Yanks

PARIS.—Memorial Day this year, according to plans now being developed by the Overseas Memorial Day Association and the American Legion, will be the occasion for the final consecration of the graves of the 30,587 American soldiers whose bodies will rest forever in foreign soil.

To carry out this idea arrangements have been made to have Lincoln's Gettysburg address read at the ceremonies at all the eight military cemeteries abroad. This announcement is made by Colonel Francis E. Drake, president of the Memorial Day Association.

The chief service of the day will be a solemn memorial ceremony in Paris on the morning of May 30 when the memorial tablets in the cloister of the American Pro-Cathedral of the Holy Trinity to the memory of the American Division; the American Ambulance Service and the Lafayette Flying Corps, together with the statue of Columbia, are to be unveiled.

This ceremony will be under the presidency of Miron T. Herrick, the American Ambassador, and it is expected that the great allied war chiefs will attend. Invitations have been sent to Marshal Foch, representing France; Field Marshal Haig and Earl Beatty, representing the army and navy of Great Britain; General Baron Jacques, commander in chief of the Belgian army; General Diaz, Italian Minister of War; General John J. Pershing and Alvin W. Cuyler, National Commander of the American Legion.

As in previous years, the French government will cooperate in all the ceremonies with official representatives and troops at those burying places where it is possible to have them.

In the afternoon of May 30 impressive services will be held at the Surtees Military cemetery, just outside of Paris. It is hoped that the allied commanders will attend these services as well as those at the Pro-Cathedral. Similar services will take place at all the other cemeteries, and these will be in charge of delegations from the Memorial Day Association and the American Legion.

The plans provide, as in the past, for the placing of flowers on every soldier's grave in France, Belgium and Great Britain. The London Post of the American Legion has assumed the responsibility for decorating all graves at the Brookwood cemetery, the only place in England where American soldiers are buried. Similar plans have been made to decorate the graves of American soldiers at Warreghem, Belgium.

BRITAIN NAMES COMMISSION TO FRAME TAX ON BETTING

LONDON.—When Chancellor Raldwin presented his annual budget in the House of Commons recently he intimated that a commission would be appointed to inquire into the feasibility of a tax on betting, which has reached tremendous proportions in Britain, and from which he anticipated considerable revenue could be secured.

The committee has now been appointed and includes several members of parliament who are noted sportsmen. The committee comprises 19 members drawn from all parties of the house. Eleven of them are Conservatives, two National Liberals, two Independent Liberals and four Labor members.

SOVIET REGIME IN SIBERIA SELLING BONDS BY LOTTERY

VLADIVOSTOK.—The commissar of the people's finance has permitted the issue of 20,000,000 roubles in new bank notes. The face value of the bank notes will be 1,000, 2,000 and 5,000 roubles. These notes will be guaranteed by the gold reserve of the district and it is hoped that in this way the circulation of the Japanese yen will be curtailed.

The government is trying to raise a new internal loan in gold roubles, but so far it has not met with much success. The loan is in the form of a lottery, and prizes will be drawn each year. The prizes will be given from the accumulated interest of the bonds, which bear 6 percent. In order to sell these bonds the government is offering them on the installment plan.

Canada's exports to Britain for the past 11 months increased by \$50,000,000 approximately and imports by \$18,000,000.

MAY FETE IS BIG EVENT AT SPARTA LAST WEDNESDAY

SPARTA.—Wednesday, May 23, was a gala day in Sparta. In the afternoon, the school children gave their annual May Day Fete on the court house lawn. The pretty scene was witnessed by hundreds of people. The little folks, dressed in the lovely colors, and the pretty costumes, made the lawn look like a huge flower bed. The day was perfect and ideal for such an affair. The different primaries and kindergarten pupils carried out the following program: The Posy Red, Folk Dances and May Pole dance, Flower Garden, Circus Parade, May Pole, Pageant, "First Day of Spring," Solo Dance, Tumblers and Pageant, "Making of America."

In the evening, the musical organizations of the high school gave their annual outdoor concert on the court house lawn. Band—March, "Union Made," Waltz, "Margaret," March, "Flag Day," Boys' Glee club, "Monarch of the Woods," Cornet quartet, "Swanee," Girls' Glee club, "In Old Madrid," "Moonlight Song," Ukulele club, Sextette, "Twilight," "Georgia Moon," Orchestra—March, "Flag Day," Waltz, "Love's Isle," Mixed Quartette, "Dixie Kid," Quartette, "Darling I Am Growing Old," Mixed chorus, "Miller's Wedding," Band—March, "Old Black Joe."

MANY PEOPLE KILLED BY TRAFFIC IN LONDON

LONDON.—More persons are killed by traffic accidents in the streets of London in a year than passengers on the whole of the railways in Great Britain in a similar period. During the last year 503 persons in London were killed by automobiles and motor trucks, 63 by motor omnibuses, 50

The major number of accidents do not occur at congested points, such as Trafalgar Square, Oxford Circus, or the Bank, where traffic is specially regulated.

They take place more frequently in the main arteries toward the outer

suburbs, where motor drivers are inclined to be less careful in negotiating crossings and corners, and where pedestrians, particularly children, are less vigilant in crossing roads.

DON'T BEG OF HUSBAND SAYS U. S. SENATOR

All Girls Should Learn Self-Support, So As to Be Independent, Opinion of Senator Feris

NEW YORK.—Girls should not marry until able to support their husbands, United States Senator Feris of Michigan, advised the girls in the graduating class of the Richard C. Merrill school at Commencement exercises Thursday night.

"You have all," he said, "seen your mothers beg for money from your fathers to buy anything they want from a safety pin to a gown. If you have first learned to support yourself and your husband, you will never need to beg, you can just remind your husband that you can at any time go out and earn your own living and he will get down on his knees to urge you to remain in the home."

"Make America Musical," Federation Slogan

MRS. JOHN P. LYONS

ASHEVILLE, N. C.—Every home is a music center! Every American a music lover!

These will be the watchwords of the country's first "All-American" music convention to be held here June 6-17, with approximately 1400 delegates of the National Federation of Music Clubs in attendance.

American compositions will be used.

American artists will perform.

And even an All-American symphony orchestra will play.

The convention will mark 25 years of earnest effort to create a distinctive art in this country.

When the federation started American music clubs were few. Now they number 1400, with more than a hundred thousand members.

"A Music Club for Every Town," has been the cry throughout these past years. And Mrs. John P. Lyons of Fort Worth, Tex., president, and other officials say there will be no slackening in the years to come.

"It is not always necessary to turn to foreign art for the most beautiful in music," Mrs. Lyons says. "Our country is young, which is probably responsible for the tendency to think of music and art in European terms. But no more will this be true."

"Our federation has constantly striven to encourage the young artist and to support American composers. And these two features of our work probably will be the outstanding points of interest at the coming convention."

ORANGE AND ONION SALAD

BY BERTHA E. SHAPLEIGH

Separate three oranges into sections free from skins. Thinly slice three Bermuda onions and allow them to stand in ice water for several hours. Mix three tablespoons of olive oil, one of vinegar, one-half teaspoon of salt, one-half teaspoon of paprika, one-eighth teaspoon of pepper and one teaspoon of sugar.

Wash and separate the leaves of one head of lettuce and thoroughly chill. Line a salad bowl with the lettuce and place the oranges and onions, thoroughly drained of water, in the center. Pour the dressing over all.

FANCY MONOGRAMS

Instead of an embroidered monogram, some very smart sport frocks of heavy crepe have a cut-out effect filled in with a fancy design in braid or silk covered cord.

BOILED POTATOES

Don't boil your potatoes too quickly or they will be soft outside and hard inside.

Grandpa Jones, while dining out, spilled something on his vest. He worried till Blue Devil came. And "Took it off his chest."—Adv.

POLITICS IS NEW CAREER FOR WOMEN

By MARIAN MALE
NEW YORK.—Do you yearn for a career? Do you feel you must express yourself? Do you want the satisfaction of doing big things? To those who would answer these three questions in the affirmative, Henrietta Roeloffs says: "Go into politics."

Miss Roeloffs heads the work done in rural communities by the National Board of the Y. W. C. A. She is a student of politics and, from her experience, she knows human nature. Putting these together, she has decided there's no reason for man's monopoly of the political field.

An Open Field

"Local politics are the open door to the outside work of national and international affairs," she says. "Self-expression is there without the repression of family."

"Women of today are better and more scientific housekeepers and mothers than their grandmothers were. They are better educated and keener intellectually. They are consequently no longer satisfied with an unbroken sentence of home life."

"The young woman, who after her college days marries and makes her home in a small community, is going to be pretty restless if her life revolves itself merely into a hash of dishwashing, sweeping and care of husband and babies."

"Through these lies may present her from a career that would absorb all her time and thought, they do not hinder her in taking her place in local politics."

Time for Home

"There are dozens of phases of politics that offer a perfect adjustment to home duties. There are many public offices that may consume only a half or quarter of her time, or even just an occasional committee meeting, according to the time she has to spare."

"There are countless conventions, preliminaries, electioneering and committee work—all intermittent jobs perfectly compatible with her home work if she is a good executive."

Compared with a career that demands service from 9 to 5 in an office, or constant attendance at a studio, or achievements on the stage or in any profession, Miss Roeloffs believes the demands of politics are light.

"And if you think there isn't just as much need for women in politics as in the arts, just consider the political situation today," she urges. "Our statesmen at Versailles, Geneva, London and Paris seem unable to handle the present difficulties. No art is suffering so keenly from a dearth of followers. It taxes the entire ingenuity and brain power, and offers every woman something to think about and work toward."

MEDIUM BROWN HAIR looks best of all after a Golden Gint Shampoo.—Adv.

BARED ELBOWS

Short gloves are to be worn with the very short sleeved and no-sleeved frocks of the summer. Bracelets for above the elbow will be the proper finish.

FASCINATING SIMPLICITY

The all white evening frock is very popular in Paris, particularly if it is cut on rather classic lines and embroidered in silk with added designs in rhinestones or pearl beads.

Hard water will get "soft" if you let Blue Devil flirt with it.—Adv.

LEONA J. REINHARD RETIRING OFFICER PARTY HONOR GUEST

IN COMPLIMENT to Miss Leona J. Reinhard, retiring Girl Reserve director at the Y. W. C. A., a group of High School Girl Reserves, members of both the junior and senior groups, gave a picnic supper at the Y. W. C. A. camp on West Channel Thursday evening. Miss Reinhard was presented with a handsome leather writing case. Girl Reserves present were: Eva Abraham, Gladys Deek, Sarah Cohen, Eleanor Welschberger, Louise Wagner, Helen Weidner, Louise Schilling, Rae Greig, Marjorie Niebauer, Jane Atkinson, Freda Gobel, Geneva Ruppert, Dorothy Strub, Florence Hayek, Rowena Kerr, Muriel Schneberger, Maria Schult, Ida Mae Howard and Frances Burgess. Other guests were Misses Lena Heldman, Esther Friedman, Anna Lewis, Irene Bjerklein, Hazel Lennon and Cora Rangsberg.

THE QUEEN Esther society of St. Paul's Lutheran church meets Friday at 7:30 at the parsonage of the church, 417 South Thirtieth street. It will be entertained by Mrs. E. A. Brown and the Misses Stella and Esther Ott.

MRS. HAROLD E. BROWN, 515 South Fifteenth street, has returned home from a visit with Dr. and Mrs. C. A. Brown of Milwaukee and friends at Madison.

A DAUGHTER was born to Mr. and Mrs. Jack Libke Wednesday, May 23. Mrs. Libke before her marriage was Miss Lucille Holmes.

MR. AND MRS. E. A. Swanson entertained a small company of friends the fore part of the week. Dancing was enjoyed and refreshments were served. In the party were Messrs. and Madames T. Morgan, Albert Olson, Vandervilt, J. Korotchy, Burns, Renner, Pataaka, Mrs. Hansen, Misses Anderson, Olga Flatland, Mrs. Grout, Ethel Pataaka, Evelyn Olson and Messrs. John Hansen, M. Kusche, August and Joe Olson.

THE FOLLOWING group of young women entertained at a farewell picnic at Pettibone park Thursday evening in honor of the Misses Hilda Johnson and Ida Skunberg, who will soon leave for Minneapolis. Misses Lillian Holtz, Anna Holtz, Mary Forch, Ann Auerbach, Elsie Strank, Viola Skunberg, Gladice Hilliker, Selma and Olga Morkin.

CONGRATULATE Take Note ALL COMRADES. Women's Relief Corps, No. 2, Sons of Veterans, and the auxiliary are requested to meet at the G. A. R. hall Sunday at 10 a. m. to take the street car to attend the memorial service at the Caledonia Street Methodist church.

MRS. MARGARET Brown president of the American Legion Auxiliary, has an army of workers in readiness for Poppy Day. Any one desiring to volunteer services in the sale of poppies is asked to notify chairman of her ward. The ward chairmen follow:

First ward—Mrs. J. Verman, 325 North Sixth street.
Second ward—Miss Abbie Becker, 238 South Fifth street.
Third ward—Mrs. Horning, South Fifth street.
Fourth ward—Mrs. Floyd Greene, 507 Caledonia street.
Fifth ward—Mrs. W. S. Peck, 728 Division street.
Sixth ward—Mrs. Ole Wold, 1403 Jackson street.
Seventh ward—Mrs. John Vingers, 1329 Farmington street.
Eighth ward—Mrs. J. Duggan, 1441 Leomin street.
Ninth ward—Mrs. Augusta Kusche, 1615 Avon street.
Tenth ward—Mrs. V. Viner, 1503 Farwell street.
Eleventh ward—Mrs. L. L. Brown, City Hall apartment.
Twelfth ward—Miss Dorothy Gunther, 421 South Fifth street.

WASHBURN P.T.A. MEETS TO SEE PUPILS' WORK

Developmental School Exhibits Interesting Weaving, Canning and Basketry

A style play, hand work exhibit and basketball game furnished the attractions at the Washburn school Parents'-Teachers' association meeting at the school building on Tuesday evening when over 500 parents were in attendance. The school's new pictures in the assembly room attracted about 200 visitors during the evening.

Under the direction of Miss Clara Ballhorn of the home economics department, the girls of the grades appeared in a style play in which Mr. and Mrs. Public were taken to visit school where the different grades displayed their hand work. The smaller children showed holders and simple sewing, while the older girls wore dresses made at school.

In the manual training rooms were exhibited the hand work of the developmental school, different types of wood work, furniture, woven rugs, canned chairs and basketry. A social hour followed the program.

The application of the Husan Canning and Pickle company to the railroad commission for an increase in water rates at Bangor was granted by the commission at Madison. The company was given an increase of \$600 for service charge, which raises it from \$500 to \$1100. Water consumers will now have to pay 25 cents per 1,000 gallons for water instead of 15 cents per 1,000 gallons, effective June 1st.

AMERICAN WEEVIL MENACE TO COTTON GROWERS OF INDIA

Insect Pest Introduced Into India Through Importation of American Cotton

BOMBAY.—The American boll weevil, introduced into India by the importation of American cotton, now threatens to become an active menace to growers of Indian cotton. In past years the importation of American cotton has been as high as 100,000 bales a year, although the normal amount was less than one-tenth of this. Fortunately, there are practically no imports of American cotton at present, nor are any expected during the coming few months. The total prohibition of the importation of American cotton is barred by the fact that in certain years Indian mills need this cotton.

The Indian Central Cotton Committee members point out that once introduced the boll weevil will be as deadly in India as it has been in America. It has been ascertained that fumigation with hydrocyanic gas will kill all the weevil, and that a simple and safe fumigation plant can be erected at no great cost. On the other hand, correspondence with commercial bodies, including the Mill-owners Association and the Chamber of Commerce, have shown that, for the present at any rate, it is quite feasible to restrict the importation of cotton from the United States to a single Indian port and thus simplify the fumigation arrangements.

LONDON GIVES TO CHARITY. LONDON.—A sum in excess of \$7,000,000 has been collected on the streets of London by public solicitation during the past seven years for charitable purposes. The cost of collection is given at 12 1/2 percent.

SOME MEN AGREE

Let the woman pay the alimony! Mrs. Lillian H. Kerr, vice chairman of the Colorado state branch of the National Woman's Party, thinks where there are no children and the woman has the higher income, she should pay the alimony.

AUTOIST KILLED IN CRASH. ABERDEEN, S. D.—Arlo Markin was killed and J. V. Nord was injured when the car in which they were riding swerved in a heavily traveled road west of here and crashed into a ditch, turning over several times.

Scotsmen are becoming scarcer in London.

TO CURB CHINESE "LAWMAKERS" PEKING.—Check your weapons at the door! is the purport of a bill prepared by a coterie of late parliamentarians for the governing of brother members of the national parliament who are inclined to indulge in violence or horse-play during sessions. Furthermore, absence from sessions without special permission will subject members to fines and even to loss of their seats. The bill calls for impeachment of any member carrying weapons in the chamber.

RAILROAD MEN TO MEET CHICAGO.—Interesting subjects, from the development of the locomotive and railway car to the training of apprentices in railroad work, will come up for discussion at the annual meeting of the mechanical division of the American Railway Association here June 20 to 22. It is believed the largest number of railroad men ever gathered together in one body will attend.

Among the speakers will be Samuel Vaulain, president of the Baldwin Locomotive works; E. F. Carry, president of the Pullman company; C. H. Markham, president of the Illinois Central, and a number of other men prominent in railroad circles.

Fish are often found with fish-hooks inside their bodies.

Kellogg's Bran is prepared to do one thing—AND DO IT WELL!

Kellogg's Bran will permanently relieve constipation, mild or chronic. It is scientifically prepared for that purpose. It is ALL BRAN, therefore it has the necessary bulk to assure results. Foods with a small bran content cannot afford permanent relief.

When your physician or friends advise you to eat Kellogg's Bran, you follow on for the purpose of eliminating a dangerous clogging-up and toxic condition of your system. You can't afford to take half-way measures! Think of the lost time and the dangers of illness you are daily dodging!

What you must have is real bran—KELLOGG'S BRAN, and if you will eat it regularly each day you will become a different person within a week or so. Kellogg's Bran, with its natural bulk, sweeps, cleanses and

purifies. It not only gives relief, but it regulates the bowels. Every member of your family should eat it—every day—at least two tablespoonfuls; in chronic cases as much with each meal.

Try Kellogg's Bran mixed with a hot cereal, or cook it with hot cereals, adding two tablespoonfuls of Bran for each person. Other popular ways are to sprinkle Kellogg's Bran on hot or cold cereals or to eat it as a cereal with hot milk. You can make delicious bakery products with Kellogg's Bran. Recipes on every package.

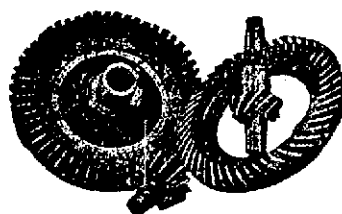

Kellogg's Bran is not only nationally sold in grocery stores, but can be had in individual packages in first-class hotels and clubs. Ask for it at your restaurant. Be certain to eat Kellogg's Bran daily for health's sake!

G. O. P. HEAD SEES EASY VICTORY FOR HARDING IN 1924

La Follette Expected to "Make Hay" at Rail Valuation Meeting in Chicago

CHICAGO, Ill.—C. H. Houston of Chattanooga, Tenn., was selected Thursday as chairman of the ways and means committee of the republican national committee. Mr. Houston is a manufacturer and was formerly assistant secretary of the department of commerce. He succeeded William Boyce Thompson, who was in charge of this committee during the 1920 campaign.

The announcement of Mr. Houston's selection was made by National Chairman John T. Adams, who was in Chicago conferring with Fred W. Upham, treasurer of the national committee.

Mr. Adams predicted the easy re-nomination and election of President Harding, but where that nomination will be conferred has not yet been decided. Mr. Upham observed that "Chicago will have to show more interest than it has so far if it wants the republican national convention."

Finds Midwest for Harding
Regarding the continuance of Mr. Harding in the white house, Mr. Adams said:

"I find that the middle west is more opposed than ever to antagonizing alliances with foreign nations. This section of the country realized that it has benefited by President Harding's administration, and in our opinion he will be re-nominated and re-elected."

Mr. Adams and Mr. Upham will go to Washington together and Mr. Upham will later go to New York, where he will sail for Europe on June 2, visiting England and Norway. He will return in August.

Local political observers believe that Senator Robert La Follette will attempt to make some presidential hay in Chicago in the next two days. In this he is expected to have rivals among the friends of William Randolph Hearst. The occasion is the national conference on valuation of American railroads, which will be held in the city hall.

Representatives of numerous public interests protesting against alleged excessive valuation of railroads are expected to attend the conference. The heads of virtually all railroad unions, eight governors, four United States senators, twenty-five representatives, Mayor Helen of New York and Mayor Arthur E. Nelson of St. Paul have accepted invitations.

RANCHER KILLS SELF
RAPID CITY, S. D.—Frank Hopkins, aged 48, prominent rancher in the White Sulphur Springs district, dependent on livestock for income, fired a bullet through his brain at his ranch home, 20 miles from Rapid City. He lived several hours, but never regained consciousness.

DEATH SOLVES MYSTERY

Five months' constant search through the mountains of California and Arizona ended when bodies of Colonel Francis Marshall and Lieutenant Charles Webber were found beside their wrecked plane in wooded country on Guaymas Mountain, near San Diego. The fliers left San Diego for Tucson in December and never were heard from again. Cross shows where bodies were lying.

LORD BIRKENHEAD TO ADDRESS AMERICAN BAR ASSOCIATION

LONDON.—Lord Birkenhead, former Lord Chancellor and one of Great Britain's most brilliant legal minds, will sail early in August for the United States, where he will deliver this year's annual address to the American Bar Association. The Canadian Bar association also hopes to have the former Chancellor address its members. Lord Birkenhead will remain several months in America and will make a first-hand study of all phases of American life.

WOULD WELCOME SPENDERS

GERMANY SEEKING MEANS TO TAX USE OF FOREIGN WORDS

Shop Keepers Would be Made to Pay for Privilege of Using Signs in Other Languages

BERLIN.—Casting about for things to tax—so that Berlin's depleted exchequer may be replenished—the Argus eyes of the municipal receiver have fallen upon a host of shop signs which have sprung up along the streets since pre-war days. It is not the signs themselves he wants to assess, nor their newness, but the foreign words used in them.

Thus he thinks if any Berlin hotelier prefers to be known as a "hotel," instead of priding itself on being just a plain German "Gastwirt," it should pay for the privilege of offending good German eyes by its advertisement in this way in a foreign language. The same view prevails as to firms whose doors are crowded with "coiffeur," "modes," "restaurant," or the like. Even an enterprising chap from overseas who hung out the shingle "American Dentist," would be hit. Particularly aggravating to dyed-in-the-wool Germans has been the tendency to in-

ter a "Fench-Uhr Tee" as a "Five-o'clock Tea," especially since such a native luxury is patronized largely by foreigners anyway.

There is scarcely a menu in Berlin which does not list "ham and eggs" boldly without any attempt to give its German equivalent, but it is not yet known whether the watch-dog of the city treasury would also try to extend his proposed tax to menus—or even to the word "menu" itself. The tax has not yet reached more than the talking and investigating stage. Its adoption is considered likely, however, for sentiment in favor of such a step has increased greatly since a similar measure was adopted at Milan, Italy.

EXCHANGE WELCOMES WOMAN

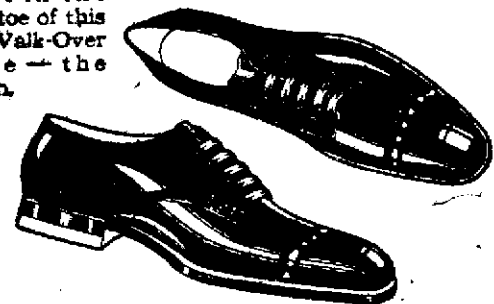

THE HAGUE.—For the first time a woman has appeared on the floor of the Amsterdam Stock Exchange. She is Miss H. W. Deterding, representing an Amsterdam firm of stock brokers. When she made her initial appearance the members of the exchange gave three cheers and presented her with a huge bouquet.

GERMANY BARS ABSINTHE

BERLIN.—Two important developments in German law have brought joy to the "dry" workers' camp. The Reichstag has adopted a law prohibiting the production and sale of absinthe, and measures have been inaugurated to restrict the public advertisement of alcoholic beverages.

MADE OF such fine summer materials as imported wash crepes, ratines, French voiles, Normandy voile, linen, gingham, etc. Come in all the wanted colors.

NEW ARRIVALS IN CONSERVATIVE AND FANCY SILK DRESSES PRICED VERY REASONABLY.

Look At Your Hands

You can keep them white and lovely even though you do your own work—a new idea in a household soap

What a story hands can tell! Some women's hands tell a story of the kitchen, of the scrubbing pail. Others, a story of good-grooming. You can have whichever you may choose.

Just because you do your own work is no reason all the world should be taken into the secret.

Few Cents a Month for Lovely Hands!

3 housewives in 4 have ugly hands because of harsh laundry soaps.

Most contain 25% to 40% water glass—a skin wrecker. A chemical analysis of 28 popular household soaps revealed that 27 contained this "killer" or adulterants.

Now we offer gentlewomen a pure soap for household

work. A soap as fine as a toilet soap—yet a quicker and safer cleanser than old-time laundry soap.

Its name is Green Arrow. And it keeps hands pretty.

It costs a few cents more a month to use it. For you should figure soap cost per month, not per bar. Good soap lasts longer.

For One Week!

Obtain a bar of Green Arrow at your grocer's.

Then in one week, look at your hands.

What you see will be a revelation.

Green Arrow Soap comes in two forms—Cake Soap, for general household use—Chips (or flakes) for laundry and fine fabrics. Both offer you unusual advantages.

Your Hands Tell the Story

Rough, ugly hands tell a story to the world. A story of the kitchen, the laundry, the scrub bucket.

Most women do housework. But few want to tell it to every chance acquaintance.

Most laundry soaps contain 25 to 40% water glass. This adulterant, technically known as silicate of soda, is invariably accompanied by an excess of caustic. It is this "killer"—not soap—that ruins hands. Green Arrow is made with the precision of a toilet soap and is pure soap.

Now you can have white and lovely hands regardless of how much kitchen work you do.

For your hands and your clothes sake, go to your grocer and insist on buying GREEN ARROW.

GREEN ARROW

MANUFACTURED BY THE PALMOLIVE COMPANY

JONES OF RACINE COUNTY NAMED TO SUCCEED NORGORD

Young Farmer of 36 Appointed by Governor as Commissioner of Agriculture

MADISON, Wis.—John D. Jones, Jr., Racine county, was appointed commissioner of agriculture Friday by Governor Blaine to succeed C. F. Norgord. He is to fill a six-year term at \$5,000 a year.

In making the appointment Governor Blaine said: "It should be noted that the governor has again selected a young man for an important state position."

Jones is 36 years of age. He completed the country school course in Racine county, graduated from the Racine high school, and thereafter attended the University of Wisconsin. After the university he returned to the farm and is said to have devoted his life to farming.

The new appointee will direct one of the largest state departments, built up to its present position by Mr. Norgord, who is leaving to become assistant commissioner of agriculture for New York.

STARTS CLEANUP

Captain Morgan Collins, just appointed chief of police, has started an attack on vice and gambling aimed to drive Chicago of the title of "Wicked City."

After being picked, 12 New York cops were named.

NOISELESS TROLLEY CARS ARE PLANNED FOR TWIN CITIES

Transit Company Builds Car Free from Large Part of Objectionable Noise

MINNEAPOLIS.—Minneapolis and St. Paul and suburban territories are to have virtually noiseless street cars in the not distant future.

After years of experiment the Twin City Rapid Transit Company, which operates street cars in both cities and suburbs, has had its engineers build a trolley car that is free from most of the noxious noise attendant upon present day traction operation.

Work on the construction of the new car began when the motor, weighing about 900 pounds, was put on the market by large electrical equipment concerns to replace the old motor weighing 2,400 pounds.

The journal box, which on the old cars protrudes out from the wheel, will be replaced by a new spiral roller bearing placed inside and adjoining the wheel.

The new cars also have a rubber cushion over the spiral roller which supports the weight of the truck, the

car and, the passenger load, and they are a great factor as a noise eliminator. These cushions will carry a load of 48,000 pounds.

The trucks are also equipped with what is known as a swinging spring plank which enables the use of a combination of springs that take up the overload and are easily adjustable at all times.

Compared to the weight of 43,000 pounds for the old car, the new trolleys weigh 25,000 pounds; have the same carrying capacity, and will stand the wear and tear as well as the old cars, according to transit officials.

One of the important eliminators of noise in the new car is the hand brake, similar to the automobile brake which works on the wheel

drum rather than the old shoe brake on the wheel itself.

Another improvement tending toward elimination of noise is the encasement of windows in rubber, thus preventing the rattle.

MINDORO NEWS

The Baccalaureate services for the Mindoro high school graduates, will be held at the Presbyterian church, next Sunday evening at 8 p. m. The Rev. J. Kroonemeyer will preach the sermon.

The Sunday school will be held in the morning at 10 a. m.

Berlin eats 500 horses a week, much to 500 horses' astonishment. Judge an auto by its hood and you may be hoodwinked.

NEW CUE MARK BY ROGER CONTI

PARIS.—Roger Conti, clicking off 642 billiards without a miss, broke the French high run record in an 18.2 ball line match Wednesday evening. The previous record, established by Willie Hoppe in 1910, was 622. Conti was playing in a regular match and fulfilled all the necessary conditions

imposed by the French billiard federation. It is announced that his record will be officially recognized.

NEW AMSTERDAM

Services at the church next Sunday morning, Sunday school at 10 a. m. Preaching at 11 a. m.

J. KROONMEYER.

One thing that makes the wild new era wild is they stay out all night with the wild cats.

COMMENCEMENT WEEK AT TREMPLEAU IS FILLED WITH EVENTS

The following is the program for commencement week at the Trempealeau high school:

Sunday, May 25th—Baccalaureate service at M. E. church by Rev. Irish.

CAMPION NINE TO MEET DUBUQUE SOX ON COMING SUNDAY

PRairie du Chien, Wis.—The Champion nine will meet the Dubuque White Sox here next Sunday, May 27. The Sox are considered one of the strongest teams on the Crimmon schedule and a close game is expected. Either Brew or Hassett will be on the mound for Crimmon.

Both these men have been pitching great ball. O'Connell will be on the receiving end of Crimmon's battery. This year's Crimmon nine is the best Crimmon has had in years. The locals are one of the hardest hitting aggregations in this section of the country. Out of eight games played so far this season they have won seven, among them two victories over Columbia college of Dubuque.

ITALIAN CHAMP AFTER DEMPSEY

MILAN.—By The Associated Press.—Ermino Spalla of Italy, holder of the European heavyweight boxing title, Thursday challenged Jack Dempsey to a bout for the world's championship Spalla, once a sparring partner in Dempsey's camp won the European title from Vandervoort, the Hollander, here last Sunday.

JAP WAR BUREAU WANTS GIRLS. TOKIO.—For the first time in its history the war department is engaging women. It is asking for applications from girls from 15 to 25 years of age to learn draughtsmanship.

PLAN FOR POPPY AND MEMORIAL DAYS AT SPARTA

Elaborate Programs Prepared by Spartans for Relief of Disabled and Honor of Dead

SPARTA, Wis.—Special—The Woman's Auxiliary of the Orville L. Arnold Post of the American Legion will put on their annual poppy sale, near Saturday, May 26. The Camp Fire Girls have volunteered to sell the poppies. The girls will be on the streets in the downtown district and every one is expected to buy at least one poppy, the proceeds of the sale go for the care of the disabled World War Veterans.

Memorial Day

The annual Memorial Sunday program will be given in the Methodist church, this year, and the congregation will unite with the congregation in paying honor to the memory of the Soldier dead. Rev. E. F. North will deliver the sermon, and there will be special music for the service.

On Wednesday, 30, the Grand Army of the Republic, Ladies Auxiliary, Spanish War Veterans, members of the American Legion and Auxiliary, the firing squad from Headquarters Company, will join in the observance of Decoration Day. In the forenoon, these organizations will meet at the Court House and proceed to the Woodlawn cemetery in the following order: Captain J. W. Spradling, marshal of the day; Lieutenant Robert C. McGee, aide; Sparta Concert Band, followed by the high school band; Director C. D. Doyl, Colors; Headquarters Company; 6th Infantry Brigade; Lieutenant Barlow, commanding city public schools; St. Patrick's school; St. John's Lutheran school; state public schools; American Legion; Spanish War Veterans; Civil War Veterans; automobiles; Ladies Auxiliaries; American Legion in autos; citizens. On arrival at the cemetery, the graves of the soldiers will be decorated by the school children, the salute will be fired, taps will be sounded by Professor Doyl. The procession will then reform and proceed to the court house lawn, where the following program will be given:

Music, Star Spangled Banner—bands, schools and audience. Miss Blanch Fox, teacher of music in the schools, will direct the singing. Invocation, Rev. E. F. North, pastor of the M. E. church. Song, high school girls' glee club. Lincoln's Gettysburg Address. Clarence Schlayer, Song, America, the Beautiful, audience, led by Miss Fox. Patriotic Address, Rev. William Lodwick, pastor of the Congregational church. Song, high school girls' glee club. Hymn, American band, chorus, audience. Benediction, Rev. E. F. North. Taps, Professor Doyl.

If the weather is not favorable for the outdoor program, it will be given in the armory.

GLADSTONE COMMUNITY HOUSE TO BE STARTED

ESCANABA, Mich.—Ground will be broken this week for the erection at Gladstone, Mich., by the North western Lumber Co. and Lumber company of a modern community house building, 110 by 150 feet, which will contain a theater and an auditorium. It will replace the old Gladstone community house, destroyed by fire in January 1921.

BRINGING UP FATHER—

SEEKS TO ENCOURAGE BETTER HOMES FOR AMERICAN FAMILIES

Secretary of Labor Announces Plans for Better Homes Week Early in June

WASHINGTON—(A. P.)—There are two sides to a ten dollar bill. One side is the effort that goes to earn it; the other is the care and intelligence which go to the spending of it. One side is the man's contribution, the other side is the woman's. The whole question of wages is affected by the home-maker's ability to get value for her money.

In such manner Secretary of Labor Davis sets forth the significance of the Better Homes in America campaign to be conducted during the week of June 10. Secretary Davis is a member of the National Council for Better Homes in America. Other members are Vice President Coolidge, Secretaries Hoover and Wallace and Mrs. T. G. Winter, president of the General Federation of Women's Clubs.

"The campaign is a woman's campaign," says Secretary Davis. "They are taking stock of themselves to see how they fill their side of the bill; they are taking inventory of home values to determine standards."

"The best American wage earners know that the pay check at the end of the week belongs to the family. They know also that a forty-five dollar a week wage does not do as well in some families as a thirty-five dollar a week wage does in others."

The demonstration houses prepared for Better Homes week in June are concrete educational means of emphasizing the importance of home making, and the increasing necessity of thorough study of its technique. In the homes is the nation, in the homes is the basis of the best patriotism.

"There is nothing better we can do than make a thorough workmanlike study of the things that make for a better home, with architects, builders, interior decorators, students, musicians, educators and spiritual advisers joining in a definition of home."

SWEDISH WORKERS WANT A VOICE IN COMPANY AFFAIRS

More General Recognition of Unions Urged in Statement by Industrial Committee

STOCKHOLM—(A. P.)—Organized influence and participation of workers in the direction and control of Swedish industrial enterprises which employ 25 persons or more is recommended in a plan just submitted to the government by the official committee on industrial democracy. The recommendation involves more general recognition of labor unions, while forcing the employer to heed administrative and executive advice from his employees.

According to the committee's

plan, so-called councils may be established in industrial plants of 25 or more employees, providing such a measure is approved by the authorized labor union concerned. In the larger concerns these councils shall consist of three to nine delegates for the workers, sitting with not more than three representatives of the employer. It shall be the duty of the operation council to utilize the technical experience of the individual workman for the good of the concern, and the employer must furnish the council with necessary information regarding production. The council also may pass on questions of change in the equipment and methods of the plant.

All waste in production is to be eliminated as far as possible by the council, which shall be assured the delivery of information from the employer regarding the costs of operation, except in cases in which the surrender of such information might harm the enterprise. It is provided that the employer must render a re-

port at the end of every third month on the general business and prospects of the concern.

Sixteen schoolboys of the Pittsburgh schools made bird houses and presented them to a Washington official at the White House for erection in the grounds of the executive mansion.

COUDERAY SCOUTS ORGANIZE
COUDERAY, Wis.—A Boy Scout troop has been organized here by the Rev. Mr. Waide. A meeting will soon be held to locate a camp site that can

STUDENTS OF HIGH SCHOOL WILL PLACE FLOWERS ON GRAVES

Assume Responsibility of Decorating Graves on Memorial Day at School Meeting

Students of the La Crosse High school have assumed the responsibility of placing flowers upon the graves of departed soldiers on Memorial day, establishing a custom which is expected to be carried on in future years.

Students of the high school enthusiastically adopted this suggestion at a meeting held in the school following the receipt of a communication from the general Memorial day committee, and members of the latter committee today expressed their gratification over the new arrangement.

Following is the letter sent to Principal Wiley enclosing a resolution adopted by the Memorial day committee:

"May 23, 1923.
"Mr. G. M. Wiley, Principal, La Crosse High School, La Crosse, Wis.

"At a meeting of the Memorial day committee last evening, the enclosed resolution was adopted, and we were directed to communicate a copy to you. We trust that the boys and girls of the high school will assume the responsibility delegated to them, the carrying out of which, in our judgment, will constitute a valuable contribution to the annual ceremony in respect and out of memory to those to whom we owe so much gratitude for the democratic institutions and organizations which it is our privilege as young citizens to enjoy.

(Signed)
"JOHN M. HOLLEY,
"General Chairman.
"T. H. BAILEY,
"Secretary.
"Memorial Day Committee."

Following is the resolution adopted at a meeting of the Memorial day committee at the federal building on Tuesday evening, May 22, 1923:

"In as much as it has been customary in connection with the Memorial day services in commemoration of our country's heroes to have plants and flowers placed upon the graves of former soldiers by young citizens of La Crosse, and

"In as much as in the judgment of the committee, the practice is a very beautiful way of showing the respect and gratitude of the growing generation of America for the great democratic institutions which the service rendered by the nation's heroes have made possible for them, and

"In as much as it is the belief of the committee that the boys and girls of our high school would be pleased to render this service to their community and their nation, be it

"Resolved that we request the students of the high school to assume the responsibility annually on each Memorial day, beginning with the Memorial day of nineteen hundred and twenty-three.

Accept Responsibility
Following is the resolution adopted by the students:

"We, the students of the La Crosse High school, in May, 1923, do unanimously accept the responsibility of placing plants and flowers upon the graves of the departed soldiers on this Memorial day. We shall do all in our power to make this service a success. We confidently believe that during the ensuing years the students of this school will be glad to offer this same tribute to our honored dead.

(Signed)
"Carlton H. Johns, J. Orton, Ed S. Hargot, Dorothy Kroner, Leland L. Palmer."

GERMANS EVINCE GROWING CONTEMPT FOR PAPER MARKS
HAMBURG.—Contempt for Germany's depreciated paper money seems to grow daily, and the public has lost sense of its value.

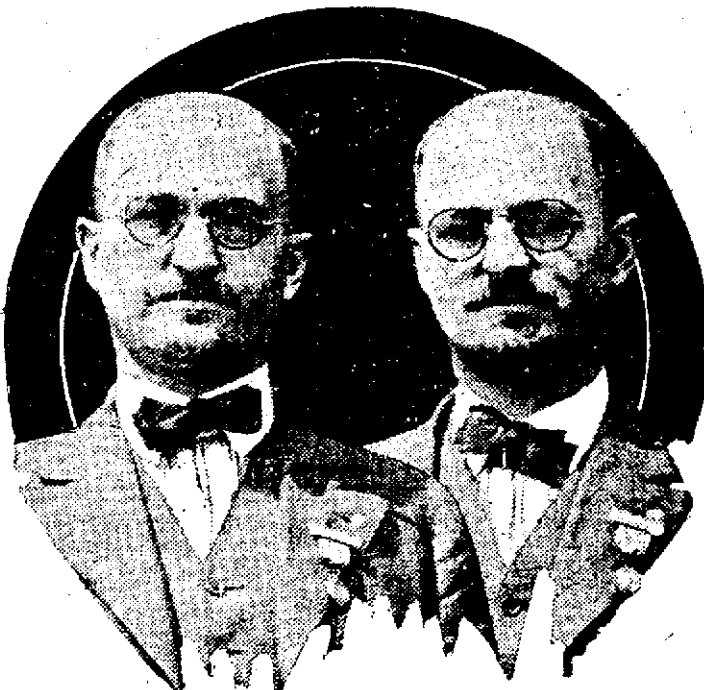

A gust of wind recently blew five one-hundred-mark bills from the counter of a local marketman. A courteous woman picked up the bills and offered them to the owner.

"Keep them," the man remarked gruffly. "What can I do with 500 marks?"

Although 500 marks at the present rate of exchange are worth only about two American cents, they are the cost of two street car rides in German cities, and will buy three stamps for letters mailed within the German republic.

SCIENTISTS MEET IN SYDNEY
SYDNEY, N. S. W. — The Pan-Pacific Science Congress to be held at Melbourne and Sydney next August will be attended by many eminent scientists from all parts of the world. Dr. Merriam of the Carnegie In-

QUESTION MARKS

Drs. W. C. and W. H. Tuckerman, twins of Cleveland, confuse even patients by their almost identical appearance. They practice together and in order to identify themselves for delegates at a recent Ohio State Medical Association convention, Dr. W. C. (left) fixed his tie so that the left end pointed over his left shoulder and Dr. W. H. did just the opposite.

stitute, Dr. Vaughan, the geologist, Dr. Evermann, the fisheries expert, Professor Stakman, the world authority on wheat breeding, and Professor Gregory, president of the first Pan-Pacific Congress will be present.

The Australian National Research Council, at its last meeting, regretted that at such a distinguished gathering as the sciences of tropical medicine and hygiene would only have a small representation.

DUTCH FARMERS EMIGRATE
ROTTERDAM.—By The Associated Press.—Dutch liners are carrying many Dutch farmers and farm laborers to America. These travelers are going chiefly to Iowa, and other Holland settlements in the Mississippi valley.

The name of the letter Q comes from the France queue, meaning a tail, as the letter is O with a tail.

STIFF PROHIBITION LAWS PUT IN EFFECT IN GOPHER STATE

Minnesota Now Has Most Drastic Enforcement Regulations in the Nation

ST. PAUL, Minn.—With the passage of amendments by the 1923 legislature to prohibition laws in effect, Minnesota stands out pre-eminent in having the most drastic prohibition laws of any state in the Union.

Under the provisions of the new laws it is illegal to possess a formula, recipe or directions which are designed for use, or used for, or in connection with the manufacture of intoxicating liquor. The law explains that it is also illegal to possess any apparatus, implements, machine, or device, jugs and other containers, used in the manufacture or storing of liquor.

It further provides that the destruction of any apparatus, implement or machine, any recipe formula of directions, or any container, is prima facie evidence that these were for

use in connection with the manufacture or possession of liquor, and that any building wherein liquor is sold is subject to abatement proceedings and closing for any kind of use for one year.

OSCAR BEARDSLEY, OLD TREMPLEAU PIONEER, BURIED

TREMPLEAU, Wis.—Oscar E. Beardsley, pioneer resident died at his home on third street May 18, after a short illness. Funeral services were held Monday afternoon from the church. The services at the grave were in charge of the Masonic fraternity, William E. Spaulding of La Crosse past master of the Trempealeau lodge officiating. Many Masons were in the line of march. Relatives from a distance who attended the funeral were, Mr. and Mrs. Fowler of Whitewater; Mr. and Mrs. Cripps, Independence; Mr. and Mrs. Little and Mrs. Dale of Milwaukee; Mr. Warren Whitehall; and Robert Smith, Winona.

Mr. Beardsley was one of Trempealeau county's pioneers, being a resident since 1854. Born in Burlington township, Racine Co., June 28, 1845, he came with his parents at the

age of 9 years to Trempealeau. He was a member of the Trempealeau lodge P. and A. M. No. 117 becoming a member as soon as he attained his majority. He was an ardent member and beloved by the fraternity.

He is survived by one son, Orle, one daughter Clara Risinger, a sister Mrs. Hulda Wing, Washonag, Wash., two brothers Elam and Otto both of Caledonia.

MENOMINEE MAN MISSING
WEEK: FOUL PLAY FEARED
MENOMINEE, Mich.—Adam Kautenberg, 55 years old, has been missing for a week, having been last seen on May 15. He had \$150 with him at the time. Police are searching for him in order to make sure he has not met with foul play.

A young seedling apple tree does not fruit for four or five years.

STATE CAN'T LIMIT MADISON BUILDINGS HIGH COURT HOLDS

Law Restricting Buildings
Around Capitol Square to
90 Feet is Held Illegal

MADISON, Wis.—The Wisconsin supreme court today morning handed down a decision declaring the law limiting the height of buildings around the capitol square in Madison to ninety feet to be unconstitutional. The law was passed two years ago to protect the beauties of the capitol building.

The attempt to regulate the height of buildings was held by the supreme court to be unconstitutional because it is not a valid exercise of the police power of the state. If considered an exercise of the power of eminent domain, the court said, it is void because it does not provide for compensation.

An opinion in the case is to be filed later.

AUSTIN STORES CLOSE SUNDAY

ALBERT LEA, Minn.—City Attorney H. H. Osterman has sent notices to all grocers in Albert Lea who have been keeping open for the sale of groceries on Sunday that such sales are prohibited by state law. Some grocers on the left have been keeping open on Sunday, it is said, and those who close object to this.

VIROQUA DEATHS

VIROQUA, Wis.—The funeral of Mrs. A. W. W. of Viroqua, a former resident of Viroqua, was held on Monday afternoon in the Viroqua Methodist church. Mrs. W. is survived by her husband and one daughter, Mrs. Peter Hay. A daughter, Mrs. W. M. M., passed away at her home in Viroqua several years ago. Mrs. W. had been ill for several months.

A Leavenworth man rang his bell and one chilling at high rate for buying a new instrument.

MOVIES

"SOULS FOR SALE"

Does a girl have to sell her soul to win fame on the silver screen? A convincing negative answer to this much discussed thought is given in "Souls for Sale," a Goldwyn production, written and directed by Rupert Hughes, which is making a week's run at the Majestic theater.

Wholly aside, however, from tackling a big problem in a big way, this picture is just brim full of thrills, tense moments, and has a remarkable cast. It includes Eleanor Boardman, Mae Busch, Barbara La Marr, Richard Dix, Frank Mayo, Lew Cody and a score of other players who are well known in the movies.

The climax is our always to be remembered when the enormous circus tent is first wrecked by a tornado and then set afire by lightning.

In "Souls for Sale" movie aspirants may learn at first hand just how a girl advances to stardom.

RIVIERA THEATER

County Forester Stuart J. Flinham of Los Angeles is grateful to Reginald Barker, whose production, "Hearts Aflame," is at the Riviera theater, for one thing—the story states—a story that has been getting many good laughs in Hollywood.

Flinham and his corps of fire fighters were on hand the night of the staging of the big forest fire scene in the San Fernando Valley. Flinham at first decided that this wouldn't be any different than any other fire. It would keep him up all night, just like hundreds of others he had been fighting all his life.

But he afterward admitted that it gave him the surprise of his life. It

was the first fire he ever enjoyed—and was ever able to watch—and still get to sleep before dawn, he declared. "This fire was the real thing," he told Barker when everything was over but developing the film. "I've seen hundreds of forest fires; some were just scrub stuff, and others swept ten thousand acres of timber almost clean, so that I can say without exultation that I know the forest fire catastrophe in all its stages."

CASINO TODAY AND TOMORROW

Next to acting in Fox pictures, John Gilbert, star of "The Love Gambler," which is now playing at the Casino theater, likes to sing. And after that, he likes to whistle. One of the incidents in "The Love Gambler" depends on the hero's ability to whistle successfully. That piece of business was not in the original scenario, but Gilbert would unconsciously start whistling when the big moments came, so that finally Joseph Franz,

who directed the picture, got the idea of how he could take the picture and still have Gilbert acting naturally. There are two big moments in the picture: one where Gilbert tames a wild horse, and one where he tames a girl.

The first of the famous "Fighting Blood" series is on the same bill.

"THE NE'ER-DO-WELL"

Scoring a decided hit at its premier, Thomas Meigham's latest picture, "The Ne'er-Do-Well," is being shown with great success at the Rivoli theater. This is a picture of Rex Beach's well known novel of the same title.

Kirk Anthony, played by Thomas Meigham, is the ne'er-do-well son of a wealthy man. As the result of a prank he finds himself on board a steamship bound for Panama without a cent in his pockets. He arrives, and the fun begins.

Luckily he meets Mrs. Cortlandt, a woman of means, who obtains for him a position on the railroad as a conductor. While thus employed he encounters and falls in love with a charming Spanish girl. Their love romance is prolific of many interesting developments, which combine to make "The Ne'er-Do-Well" one of the most entertaining picture shows here this season.

RUSSIA'S OFFER FOR RECOGNITION ATTRACTS JAPAN

TOKIO.—The Russian suggestion for renewal of the Russo-Japanese conference is now in the hands of the cabinet. While still unacceptable, the terms are sufficiently favorable as not to justify Japan's summary rejection of them.

The terms include a desire for formal recognition, which is not impossible, but also a demand that Japan recognize the abrogation of the treaty of Portsmouth, which is improbable.

FIRST PRESBY'S COP CHURCH ATHLETIC PIN CHAMPIONSHIP

Congregational No. 2 Team Gets
Second, While Two are
Tied for Third

The First Presbyterians won the championship in the church athletic bowling league, going strong at the finish Thursday night by trimming the Methodist team in the final game.

The Congregational No. 2 team won second place, while the First Methodists No. 1 and the Bethel Lutherans were tied for third place at the end of the schedule.

The scores Thursday night:

PHILADELPHIANS 20,000 STRONG WATCH CONNIE MACK'S OUTFIT UPSET YANKEES ON THURSDAY

CHICAGO, Ill.—By The Associated Press.—For the first time in nearly a decade the interest of the baseball world is concentrated today on Shibe Park, Philadelphia. All season Connie Mack's Athletics have been commanding attention and yesterday they got it personally from 20,000 Philadelphians who filled the park to see them defeat the New York Yankees one to nothing.

The Athletics' victory was also beneficial to Cleveland, which opened a series in St. Louis with an easy victory, six to one, gained on Detroit which bowed before Chicago six to one.

The defeat jarred the Tigers from a third place tie with Cleveland.

By defeating Boston, 7 to 1, Washington got into position for climbing into the first division should the Tigers stop again.

While the Yankees were on their winning streak of nine games the New York Giants were extending their hold on first place in the National league by beating the Philadelphia Athletics, 2 to 0. Catcher Frank Snyder got his first home run of the year in addition to a triple and accounted for five runs.

Pittsburgh met St. Louis in the first game of the series that will decide the present tenure of second place.

**BILL JOHNSTON
BATTLES WAY INTO
NET SEMI-FINALS**

Wins Unanimous Sets Over
Count de Gomar in International Championships

ST. CLOUD, France.—By The Associated Press.—William M. Johnston, American's second ranking tennis star, Thursday won his way into the semi-finals of the international hard court championships by virtue of a clean cut victory over Count de Gomar of Spain. He won in straight sets, 6-2, 6-1, 6-1.

Johnston, the native La Crosse, the youthful Frenchman, who, after witnessing Thursday's match, expressed doubt of his ability to take even one set from the brilliant Californian.

Gomar Proves Helpless
Johnston played superb tennis against the Spanish nobleman. The foreign drive for which he is famous was working perfectly. Count de Gomar played some of the best tennis of his career, but was helpless against the sliding drives that shot down the sidelines or cross court out of his reach after "Little Bill" had maneuvered him into awkward positions.

Time and again the American caught his opponent flat footed or going the wrong way.

Johnston's service also was a great factor in the result. Many of his first balls got over, and these the Spaniard either fouled or returned in short, soft lobes close to the net, which Johnston, sailing forward, smothered for certain points.

London vs. Branshaw
In the women's singles Friday, Miss Suzanne Langlen meets Mrs. Branshaw of England, who Thursday put Miss Eleanor Goss, American, out of the running in a three set match, the score of which was 4-6, 6-2, 6-1.

In the other half of the draw, Miss Kathleen McKane of England will try conclusions with the winner of the match between Miss Vlasco, Greece, and Mme. Golding of France.

**60 GRIDIRON MEN
ANSWER CALL AT
CAMPION COLLEGE**

Coach Walsh Plans to Have
Men in Mid-season Form
at Start of Season

PRAIRIE DU CHIEN, Wis.—Coach Walsh's first call for football candidates, Monday, May 21, was answered by 60 lusty athletes. About 20 of these men are competing for backfield positions. Practically all of last year's squad were out except those playing baseball. Graduation removes two of the latter men, Broghammer and Ehrnst. Work on the charging machine, tackling the dummy and other drills, are whipping the men into shape.

Walsh's promise of a few scrimmages has fired every contestant with the determination to gain a position and there's keen rivalry among the candidates.

Coach Walsh wishes to fit each man into his position now. Then there will be no delay in the preparation of the real work for next year's heavy schedule. The coach plans to have every squad member next year in mid-season form at the sound of the first whistle.

**HOLY CROSS BEATS
ST. MARY'S, 19 TO 7**

The Holy Cross school defeated St. Mary's in indoor ball Thursday evening, 19 to 7. Bernard Welland got two homers in the game.

GARY POINTS TO RELIGION AS CURE FOR WORLD'S ILLS

Religion is Plain. Simple Business Sense, Says Steel Trust Head

NEW YORK.—By The Associated Press.—Fresh from a Mediterranean cruise, which took him, among other places, to the Shrine of the Holy Land, Elbert H. Gary, chairman of the United States Steel corporation, pleaded for a greater turning toward the Christian religion as a cure for the world's ills, in his address Friday opening the annual meeting of the American Iron and Steel Institute. Disclaiming any intention to "preach a sermon," Mr. Gary declared religion was "simple, plain business sense."

"Gentlemen," he said, "it is in accordance with our instincts and judgment, as frequently proclaimed, to say that it pays a nation or an individual to follow a Christian course."

Mr. Gary received his customary analysis of conditions in the steel industry for the end of his address, when he asserted, optimistically that: "There is nothing in sight to indicate that there will be a substantial diminution of the demand for finished steel in this country during the next six months, to say the least."

He warned steel manufacturers not to permit prices to go above a level which is "fair and reasonable."

Touching on the Ruhr situation, which he declared was unsettling all Europe, he suggested that Secretary Hughes be named as an impartial arbitrator to settle the international differences between France and Belgium and Germany.

Toward the end of his address, Mr. Gary showed signs of exhaustion and left the hall. Charles M. Schwab completed reading of the address.

PHONES WIFE TO LISTEN WHILE HE SHOOT HIMSELF

NEW YORK.—"TASTY to this wife," Vincent W. McArdle, a salesman, said in his apartment over the long distance telephone to his wife, Helen, at the home of her parents, Liberty, N. Y.

A pistol shot was fired, which was also heard by the superintendent of the apartment house, who called the police. They found the man dead on the floor, a bullet in his brain.

The receiver was off the hook, and when a detective went to the telephone he found the woman on the other end anxiously inquiring what had happened.

For the convenience of trans-Pacific and coastwise shipping, fuel oil tanks with a capacity of 20,000 barrels, have been installed at Unalakleet, in the Alaskan Islands.

SUPPORT OF PROHIBITION VOTED IN LEGISLATURES OF SEVEN WESTERN STATES

SAN FRANCISCO.—By the Associated Press.—Seven western states, during recent sessions of their legislatures, passed measures affecting the enforcement of prohibition. They are Nevada, Wyoming, New Mexico, Colorado, Washington, Oregon and Montana. Four others, California, Idaho, Utah and Arizona, did not adopt legislation to this end. The record is as follows:

California.—Three bills directly relating to prohibition were introduced in the 1923 session of the legislature of California, and all three died in committee. One was a repeal of the "little Volstead," or Wright act, which makes the Volstead act and any future amendments thereto the law of California; another was a bill requiring pharmacists and others legally dealing in liquors to sell them at a reasonable profit; the third intended to limit the right of search and seizure.

Nevada.—The repeal of two laws considered so drastic that they could not be enforced, and the adoption of the Volstead act as the prohibition enforcement law for the state, was the way the prohibition problem was handled by the Nevada legislature. One of the measures repealed was the "bone dry" act prohibiting the manufacture, sale, or importation of any intoxicating liquor, which was an

initiative act adopted by the people in 1919.

Wyoming.—Two laws passed by the 1923 Wyoming legislature dealing mainly with prohibition took effect April 1. One provides that continued and open violations of any law in any county will constitute prima facie evidence of malfeasance in office on the part of county attorneys, sheriffs, or other peace officers and makes them subject to removal by the governor without trial or hearing. The other requires these officers to make monthly reports to the state law enforcement commissioner concerning all violations and complaints and the disposition made of each.

New Mexico.—Under a law passed by the New Mexico legislature, violators of the liquor law may be prosecuted in state courts; also officials may search automobiles without warrants if they have reason to believe the law is being violated.

Colorado.—Bills affecting prohibition passed by the Colorado legislature included: Making purchaser of illicit liquor guilty of a misdemeanor except where he turns state's evidence; providing for abatement as nuisances of roadhouses outside the cities; making anyone appearing intoxicated in public building, street, or street car guilty of a misdemeanor; imposing a penalty of fourteen years

in the penitentiary for the driver of an automobile, when drunk or under the influence of drugs, who kills a person, or five years if he injures a person; making definition of intoxicating liquor conform to the federal statutes.

Idaho.—The legislature made no change in Idaho's prohibition laws at its recent session, and of the six bills dealing with prohibition only two reached the governor and were signed by him. One bill relieved the pharmacists of the state, in good standing, from procuring a special license from the state to handle alcohol; the other act, strengthened the state's law regarding the operation of motor vehicles by persons under the influence of liquor. The latter applies only to chauffeurs.

Washington.—Only cursory attention was given to the prohibition question at the recent session of the Washington legislature, and statutes enacted bore only indirectly on the issue. By passage of a senate measure, prohibition law violators were excluded from the privilege of paying court fines and costs in installments; forfeiture of operators' licenses was made mandatory upon the courts in cases of convictions for driving an automobile while intoxicated by enactment of another bill.

Utah.—The question of prohibition did not come directly before the recent Utah legislature. An assembly measure which would have imposed the death penalty on persons convicted

of selling or giving away poisonous beverages died in committee.

Arizona.—Only one measure bearing on the prohibition law was introduced at the recent session of the Arizona legislature, and it failed of passage in the originating house. The bill would have provided that the penal provisions of the Volstead act be adopted as the law of the state.

Oregon.—Five measures dealing with the prohibition law were passed by the Oregon legislature. They were: Creation of a state prohibition commissioner; giving law enforcement officers greater power in dealing with prohibition violators; giving officers power to confiscate and sell boats, vehicles and other conveyances used in unlawful transportation of liquors; punishment of law enforcement officers who appropriate, sell or give away any intoxicating liquor which may have been seized; making it a felony for any moonshiner or bootlegger to be armed with dangerous weapons.

Montana.—The legislature bills affecting prohibition enforcement consisted of two regulatory measures, passed by the recent legislature. One increased the severity of the penalty for selling or giving liquor to minors, making a second offense subject to a prison term; the second measure made more definite the powers of cities in dealing with violations of the state prohibition enforcement act.

It is easier to collect a crowd than to collect from a crowd.

LOOT DEPOSIT BOXES IN GAYS MILLS BANK

GAYS MILLS, Wis.—Robbers who dug and chiselled their way through the rear wall of the Bank of Gays Mills here Wednesday night secured entrance to the safety deposit vault, where they rifled one hundred and thirty safety deposit boxes and escaped with all cash and securities found in them. Bank officials were unable to estimate the amount of the loot. No attempt was made by the robbers to open the safe.

AUSTIN SETS HIGH RECORD

AUSTIN, Minn.—This city, which now ranks 4th in Minnesota in value of manufactured products, has 2,770 people on its industrial payroll, as shown by a survey made for the Business Men's association. The amount paid out every month to these workers totals \$303,808.

GULBRANSEN

(Pronounced Gul-BRAN-sen)

PLAYER-PIANO

Harry (the Guest)—"Golly, a fellow can certainly get some real music out of this Gulbransen."
Billy (the Host)—"Yes, it's actually got me interested in playing well. No other player-piano like it."

The Gulbransen Teaches You to Play Well

If you enjoy music as a listener you will doubly enjoy it as a performer—and you will play the Gulbransen well, learning quickly.

It is the piano which makes unnecessary the years of practice hand performers must put in. Yet it gives you all their range of expression—and full command of it—in a week or two.

The Gulbransen is designed for complete musical expression; its wonderful instruction rolls teach you how to play artistically. Thousands of plain business men have become accomplished performers—to their own great satisfaction and the enjoyment of family and friends.

CHURCH FOR DEAF, DUMB AND BLIND TO CLOSE DOORS

Quaint Institution in London Founded in 1870 Soon to Disappear

LONDON.—One of London's quaintest institutions, the deaf and dumb church of St. Saviour's, is soon to disappear. So far as known, it is the only church in the world devoted exclusively to worship by the deaf, the dumb and the blind. The increased real estate value of the site upon which this unique institution is built has made it necessary to close its doors, but it is hoped to re-establish it in a more modest part of London.

The foundation for the modest church was laid by the late King Edward in 1870, and it became familiar to the hundreds of thousands of Britons and Americans who pass along one of the busiest and noisiest thoroughfares of the capital. Yet it is doubtful if a title of these passers-by even thought to step inside to witness one of the deaf and dumb services.

Like the United States, Great Britain is one of the most advanced nations in the care and education of its deaf and dumb. Recognizing the truth of Dr. Samuel Johnson's statement that of all physical deformities the deaf and dumb is "the most desperate of human calamities" the state now provides for the whole of the educational needs of this afflicted class of the population up to the age of 16 and gives them assistance in after years.

MORRIS RESIGNS AS U. S. MEMBER OF WAR CLAIMS COMMISSION

WASHINGTON.—Another vacancy has been created on the German-American mixed claims commission by the resignation of Robert C. Morris of New York, American agent on the commission. Mr. Morris' resignation, announced at the white

house Thursday night in a statement saying he was retiring "at the insistence of his personal and professional affairs" follows within a few days that of William R. Day, former associate justice of the supreme court, as umpire of the commission.

Edwin P. Parker, the American commissioner, was appointed umpire to succeed Mr. Day.

Occupation of Constantinople between April, 1919, and March, 1923, cost England \$100,000,000.

FARM TROUBLES LESSENING
WASHINGTON, D. C.—Secretary Wallace told the American Wholesale Grocers' association that the worst of the farmers' troubles are over and that agricultural conditions are better than at any time the last two years.

POINCARÉ RESIGNS
PARIS.—Premier Poincaré and his colleagues in the cabinet submitted resignations, but President Millerand declined to accept them.

St. Laura Ethel is situated in the feet high and its summit less than 200 middle of the Atlantic, is over 12,000 feet below the water's surface.

PROPOSE TO HONOR THOSE WHO SAVE LIVES OF ANIMALS

Movement Launched by Humane Society to Promote Kindness to Dumb Brutes

CHICAGO.—A movement has been inaugurated by the American Humane Society to award medals to men, women and children who risk their lives in saving the lives of animals, according to an announcement by the Illinois Humane Society, a member of the national society.

The idea originated following the receipt of information of two rescues from death of dogs recently. One told of two men who rowed a boat through a field of ice in the Kennebec river in Maine to reach two col-

lared dogs who were floating down the river on a piece of ice that had been torn loose as they were sitting on it.

The other case was where two men in New Jersey rescued a dog that had been sucked down by quicksand until only its head was showing. Its pitiful cries had aroused the men, during the night, and the darkness, combined with a fog and quicksand almost every step, made the rescue work extremely dangerous. But the men found the dog after much tedious hunting, and worked two hours before they got the animal out. Each man sunk to the waist in quicksand.

The National Humane Society, ac-

cording to the announcement, will attempt to have a "national bronze service medal" made available for award to those who perform similar feats.

WINS BAREHANDED FIGHT WITH WOLF IN MOLINE, ILL.
MOLINE, Ill.—Seeing what he supposed to be a big dog killing chickens in his back yard, Andrew Penney ran out to frighten it away. The animal leaped at his throat, but Penney sidestepped and grabbed the animal by the throat. He held it until police arrived and shot the animal, which proved to be a wolf. Penney suffered lacerations on his arms and hands.

DIVORCES IN FRANCE DOUBLED SINCE 1913

Over Thirty Thousand Separations Reported for Year 1922; War Partly to Blame

PARIS.—Divorces have doubled in France since the war, according to figures made public recently. A general divorce law was first

passed in France in 1884, and in that year there were 1,657 divorces. In 1913, the number of divorces was 15,372. In 1919, when the armies were being disbanded and people were free to put their houses in order, this number reached 19,465. In 1920 it reached 31,485, in 1921 the number was 30,498 and the past year 30,753.

The causes of this increase of divorces are not tabulated, due to the secrecy of court proceedings relating to family affairs.

However, the general causes are infidelity, desertion, and the slow breaking up of the family tie during the war, with the greater freedom that has come to women who began to earn their living during the war. Both sexes, it is said, have lost in some measure their sense of moral responsibility. Another cause given is nervousness growing out of the war, making both sexes less able to bear the restraints and trials of married life. Yet another cause is the tolerance of the courts and the ease with

which divorces may be obtained, one factor of which is the cheapness of the decree, obtained through lawyers, who, in recent years, have begun to advertise: "Divorce in three months on credit, and no payment unless decree obtained."

FORD IN LOAN TO DETROIT
DETROIT, Mich.—Henry Ford cut, bid New York bankers and advanced \$500,000 on a short loan to the city of Detroit, which is badly in need of funds.

REPUBLICAN SLAM AT ALLIES ROUSES WRATH OF HARDING

Statement is Withdrawn After
President and Other Leaders
Express Disapproval

TRYING TO CHEAT U. S. OUT OF
COSTS OF OCCUPATION ARMY

"Crooked Game" of Allied Gov-
ernments Scored in Statement

PARIS.—By The Associated Press.—The agreement for pay- ment of the cost of the American army in the Rhineland is ready for the signing, which is expected to take place before the day is over. The document now is minus the clause to which the United States objected, allowing the allies to cancel the agreement in case the United States proceeded to collect war damages direct from Germany.

WASHINGTON, D. C.—A state- ment for general circulation, issued from the headquarters of the republi- can national committee, denouncing Great Britain and the allied govern- ments as engaged in a "crooked deal," and deliberately seeking to "bilk" the

United States in the matter of com- pensation for the cost of the Ameri- can army on the Rhine, has stirred up a lot of trouble here. Thursday night it was announced that the statement had so displeased President Harding, Secretary of State Hughes and other administration leaders that it had been withdrawn by republican party officials, who dis- claimed knowledge that any such statement had been sent out from the party's publicity bureau. It was sent, however, to several newspaper offices before it could be stopped. Several eastern papers to- day printed it and the matter got to the ear of the president and Mr. Hughes.

In Good Anglo Saxon

"In plain words, the whole matter is a crooked deal," was the blunt characterization given by the statement to the course of the allied govern- ments, particularly England and France in the Rhine army matter. The statement here the title: "Treat- ment of American Rhine Army Claims Shows Europe's Hypocrisy." It quotes Lord Robert Cecil of Great Britain as saying European nations would not display any pettifoggery spirit in dealing with an effort of co- operation that might come from America and uses the Rhine army cost negotiations as a demonstration that "Great Britain and the allies have ex- hibited nothing else in their manue- vers but determination to 'bilk' Ameri- ca out of money they agreed to pay her."

Says U. S. is "Hoodwinked" After reviewing the whole subject of Rhine army and declaring Great Britain and the allies entered into an

agreement by which the revenues of the German nation were taken for their own benefit to the exclusion of the United States, the statement de- scribes in great detail the recent con- ference at Paris and concludes that the United States is being hoodwinked by the powers.

Secretary Hughes and the Presi- dent have never given up hope that the difficult issue would be satisfac- torily settled and it was because of this that the violent utterances from republican leaders were said to be worrying the executive.

"At present," the statement con- cluded, "the prospects are the United States will abandon all efforts to ob- tain any reimbursement of the \$250,- 000,000 she paid out to keep her army on the Rhine."

"By Hook or Crook"

"It is perfectly apparent to every- one concerned that England and her European allies are determined to bilk the United States out of this money by hook or crook. The whole crooked deal involves a direct violation of the terms of the armistice and a repudia- tion of the treaty of Versailles. It in- volves a repudiation of an agreement between this nation and European powers made when America was ur- gently requested to maintain her forces on the Rhine."

"It is typical of the attitude of Eng- land and European powers toward this country in all matters. They are out to job the United States at every pos- sible turn."

Demolishes All Pretensions

"It demolishes Lord Cecil's preten- sions that European nations desire to deal in a spirit of fair play with Ameri- ca and would not resort to any 'pet-

tifoggery' in their associations with this country. It confirms what has been long known by those familiar with their attitude toward America—namely: that if this country goes into any sort of league with the European powers they will immediately take ad- vantage of it to the injury of the United States."

While there has been no public ex- pression from official quarters regard- ing this attack, it was plainly indi- cated that the president and his cabi- net associates did not feel that such intemperate language under the cir- cumstances was justified.

LOCUSTS DARKEN MANILA:
BREAK UP GAME OF GOLF

MANILA.—Swarms of locusts flew over Manila for six hours continuously Thursday morning, darkening the city at times. They evidently were moving northward to the rich sugar lands of Pampanga. Many big sugar planters assert that this visitation may mean bankruptcy for them. Early morning players on the Manila golf links were forced to discontinue their game because of the pest.

JAPAN WARS ON RICE PEST.

TOKIO.—It is estimated that 1,- 500,000 bushels of rice are destroyed in Japan annually by rice worms. A campaign to destroy these pests has been started by the food bureau of the department of agriculture.

WOMAN DEAD AT AGE OF 109.

EDMONTON, Alta.—Mrs. Margaret Sinclair who died recently at the age of 109 is believed to have been the oldest person in the Canadian north- west. She was a resident of North Bank.

ILLINOIS TOWN PLANS TO GROW 25,000,000 ROSES

Records Show Neighbor State
Ahead of Even California
in Growing Blossoms

PANA, Ill.—This little city, which has been furnishing 14,700,000 roses to its sister cities of the United States yearly, will probably have in- creased its production to 25,000,000 before the end of this year, accord- ing to a survey made of the green houses now in process of construction here.

While there are 20 acres of rose growing ground under glass here now, the addition of 10 acres is conten- plated, a large part of which is actu- ally under preparation and upon which green houses are being erected.

While California leads in free growing roses, Illinois records show that this state is far ahead in grow- ing roses for commercial purposes. There are 400,000 plants each aver- aging 30 perfect roses a year at Pana. Three hundred and fifty thousand plants are under glass at Maywood, a Chicago suburb, while 300,000 plants

are in bloom most of the year in Martin Grove, Illinois.

The soil here has been found by experts to be the most suitable in the country for rose culture and this, more than anything else, accounts for the development of this indus- try to the huge scale it has assumed. The rose plants under cultivation here are imported from England and are known as grafted roses, having their origin in the marsh lands of the British Isles. They are continuous bloomers, summer and winter.

STUDENT, 72, RECEIVES DEGREE

WINNIPEG, Man.—E. A. Best, aged 72, has received the degree of

bachelor of arts from the University of Manitoba. Mr. Best, who has been a school inspector in the province for many years, holds the age record in Manitoba for graduation.

The only hard thing about holding a job is the work it takes.
